Homecoming Week of 1973 was filled with celebration. The traditional dress-up day preceeded 50's Day when many Provi students donned their bobbie socks, rolled their jean cuffs and greased their hair, re-living the time when Betty Lou accompanied her teen angel to the soda fountain. On Friday, green and white hair bows, knee socks, and sweaters were added to the school uniform in honor of our Celtic Football Team. On Saturday our team was defeated by Luther South

For the first time Mayslake was the site selected for Senior Class Retreats. During the two girls and two boys retreats, the participants gained knowledge, faith, and rest! Withdrawing from the tensions of daily routines, the seniors were given the opportunity to know themselves better and to have a chance to interrelate. Movies, lectures, and discussions helped create an atmosphere of serenity.

All-Time Record Harvest Drive

The winning spirit was demonstrated again this year when, aided by Dennis Fishbeck, Providence students brought in \$51,000 plus for the 1973 Harvest Drive. Urged on by chairman Pat Sullivan, Senior homeroom 206 led the winning Senior Class in selling chances of the 1973 Fiat. This victory marked the fourth time that the Class of 1974 led the drive. As usual, the two night Festival climaxed the series of events. Sunday, November 18, 1973 was especially exciting for Junior Emily Chiapetti who won the grand prize.

Gridders Tie School Record For Victories

If an individual were to overlook this year's team record, they would find some impressive achievements. Mike Susner tackled his way to an athletic scholarship to the University of South Dakota while John Carruthers and Ed Olszta were named to the All-Conference first team as a half-back and linebacker respectively. All three of these players were also honored with births on the Chicago TRIBUNE All-Suburban team. Other squad members were named to second and third All Star teams.

Thus year the Celtic gridders began their season with optimism, excitement, and anxiously awaited their first game. Their optimism and readiness carried through as they defeated St. Edward's of Elgin. With a victory under their belt and with personnel having unlimited potential, the Celts split the next two games, losing to Montini and soundly clubbing St. Francis of Wheaton 39-23. they set a school record for most points scored in a

varsity game. Now with a 2-1 record the Celtics opened their conference season which was to lead to their downfall. Injuries took the power out of the team which was picked as one of the favorites to win the conference title. The Celts were able to recover from their physical drawbacks and mental lapse of losing by the end of the season through the leadership of the seniors. The team's potential, however, never had a chance to gel.

Wrestling

Among people who know and understand wrestling it is known before a wrestling program can become a contender it is necessary to undergo some losing seasons and development of possible talent, and if there is no talent you must work with what you have. Fortunately Providence did not have to wait long for a contender, for wrestling now in its third year has already sent a wrestler down state, for final competition. This wrestler is Chris Curtis who wrestled in the 126 lb classification. The Celtic matmen were composed of sophomores, juniors and the remainder consisted of novice freshmen and experienced seniors. Reasons for rapid progression of these young athletes can be contributed greatly on the part of the former coach and present coaches. For without the dedication and interest shown by former Coach Pat McInerney the wrestling program would not be where it is today. In place of Coach McInerney the grapplers were lucky enough to have two new and just as qualified men come in. This year's Head Coach is Mike Stevens and his talented little assistant Bob Almada. One of the most unknown, and probably the most important reason for the wrestlers improvement, has been the hard work and long hours put in after school, on Saturdays, and along with morning practices through Christmas vacation. It is for these reasons the wrestlers can be proud of having a - season, taking a varsity second and frosh-soph first in the conference finals, 3 conference champs and 3 runners up, 4 wrestlers sent to State Sectional Tournament at Yorkville, and for Chris Curtis finishing 4th in the State Class A Tournament. The conference champs were Jr. Bill Tibble 105 lb., Jr. John Ruettiger 119 lbs., and Sr. Mike Susner HWT. Runners up were Jr. Chris Curtis 126 lbs., Sr. Jim Langes 167 lbs., and Jr. Dave Kinsella 185 lbs. Four of these six progressed to Sec-

tionals they were Bill Tibble, John Ruettiger, Chns Curtis, and Mike Susner. In order to make the list complete, it is necessary to give special recognition to Mr. Bob Dockendorf, more commonly known as "Dock". Without his assistance many of our wrestlers would not know much about wrestling and its finer points.

The brothers left after freshman year but the girls from Sacred Heart joined us to fill the gap. Together, that's how we fit in the circle.

And not much has gone wrong with the class which achieved every imaginable goal in the history of Providence. Start with winning the Harvest Drive four straight years and homecoming float competition 3 of our 4 years and you have the Spirit of 1974. The drive began at our first pep assembly at which we were humiliated beyond reproach. We will never forget that day when we were asked if we really were a class - at that assembly we became a class with class.

Student Council got off to a good start by sponsoring the 1973-74 Variety Show. In it, Providence students grasped their chance to "show off" in front of parents and friends. The crowds favorites were Mike Susner's imitation of Elvis Presley and "The Twelve Years of School" by a group of girls. An annual SC event, the variety show was a big hit.

Members of Student Council acted as tour guides for the Open House, held in the fall. They introduced incoming students to the layout and activities of Providence.

The Christmas Dance was another of the well-attended events sponsored by Student Council.

An all-school paper drive was the final fund-raiser for the year. The seniors showed their winning spirit by earning first place in the drive. Student Council officers were: Bill Schubert, President, Ed Olszta, Vice-President, Cheryl Lukanich, Secretary; Laune Hochm, Treasurer, and Don Nugent, Parliamentarian. SC moderator was Sr. Judy.

French, Latin and Spanish

The language clubs were very active this year. Led by Moderators Sr. Corde, Sr. Joseph Eleanor, and Sr. Laudiose, they extended their interests past the school room atmosphere. The Spanish Club sponsored a dance, raffled tickets to the James Taylor Concert, and held many parties. They also sang spanish carols at the Christmas Mass. The combined French Clubs sponsored the Celtic Fair in March. This fund raiser brought in over \$1000 for the language department. Another activity of the French Club was a field trip to Chicago with dinner at a French Restaurant, La-Creperie. In the Romanesque tradition, the Latin Club "Semper ubi sub ubi"

Many picture the high school as a troubled institution largely victimized by its own success. Starting out a century ago as an elite institution designed to train a small proportion of adolescent youth along traditional academic lines, it has steadily evolved into a popular institution enrolling over 90% of all Americans between the ages of 14 and 18 and attempting to perform for them a prodigious array of services

New Lenox, Illinois 1974

Picture Providence, a high school happily victimized by its own success. Starting our eleven years ago as a Catholic institution designed to train adolescent youth along traditional and modern academic lines, it has steadily evolved into a popular institution enrolling over 700 all Americans (with some foreign exchange students) between the ages of 14 and 18 and providing for them a prodigious array of academic services

SOCIAL STUDIES

Washington, D.C. -

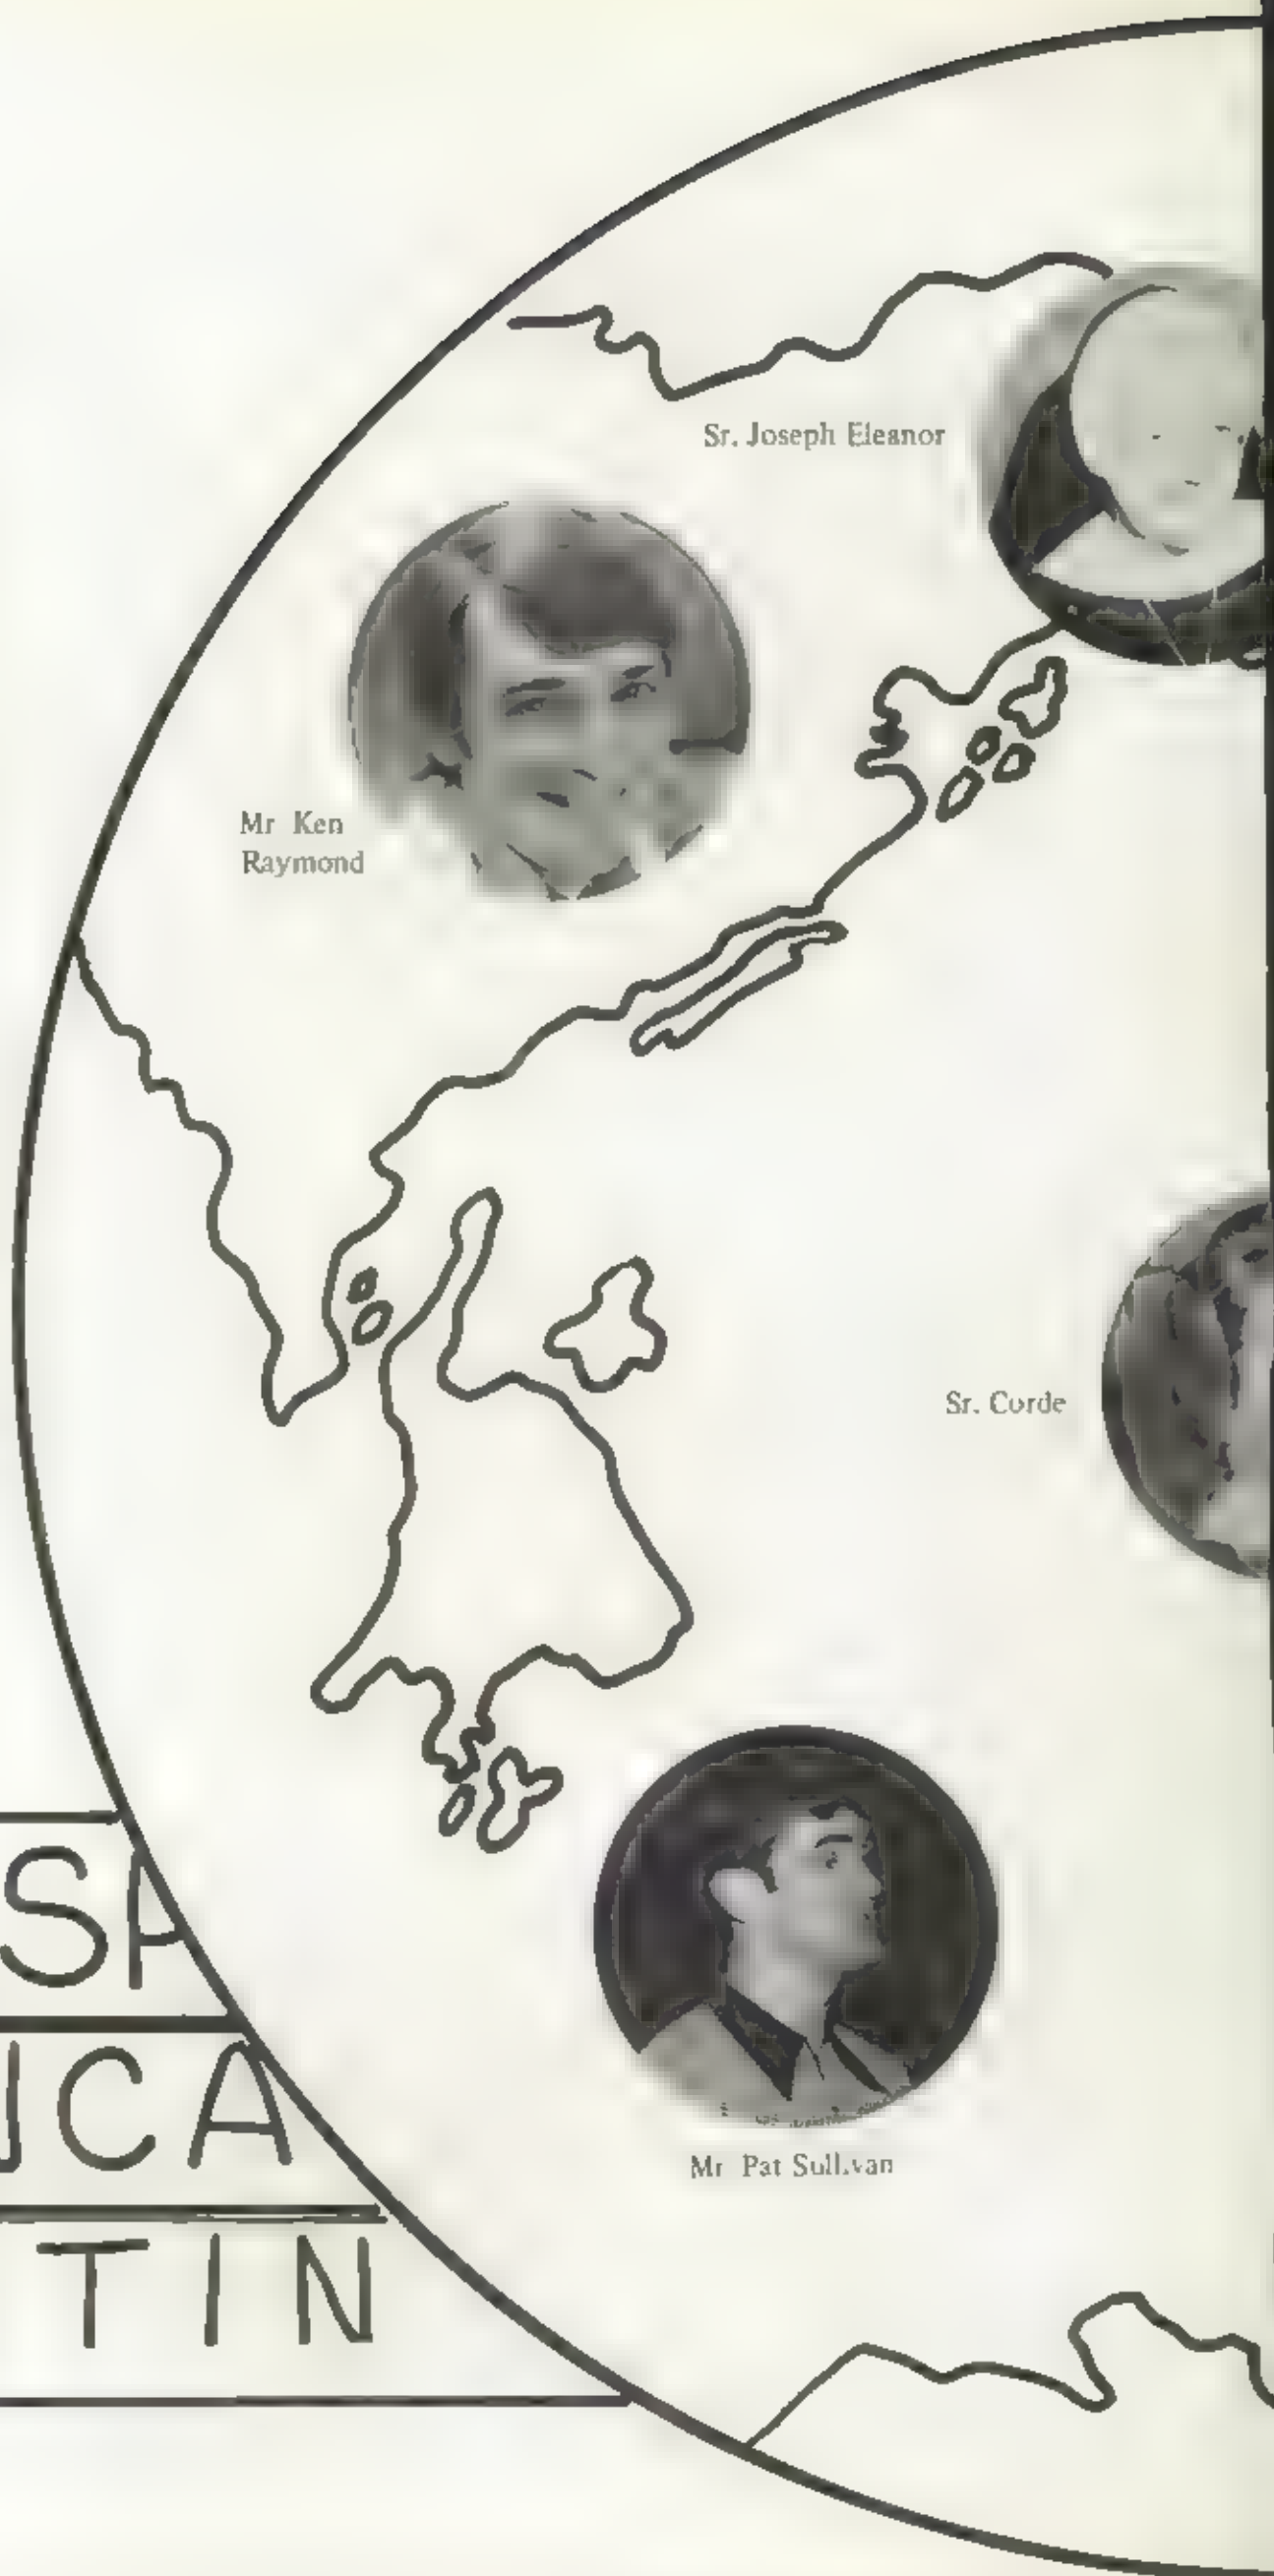

Nations, like families, have their bad years. Nobody knows quite how it happens, but some combination of sickness, overconfidence, poor leadership, and bad luck brings them down, and this is the way it was with the United States in 1973

The year started with the triumphant inauguration of President Richard Nixon for a second term in the White House, and it ended with insistent public demands for his resignation or impeachment

New Lenox, Illinois

Providence, like Celtics or track teams, has its good years. Nobody knows quite how it happens, but some combination of good health, leadership, and good luck brings them up again, and this is the way it was with the Social Studies department in 1973

The year started with the triumphant appointment of Mr. Kenneth Raymond his third term as the Social Studies chairman, and it ended with insistent student demands for his return

BUSINESS

Washington, D.C.

To the beleaguered American press, the Watergate affair in 1973 brought welcome relief from attacks that have been mounting in intensity during recent years. First, there was the heavy criticism of the press by politicians. This was followed by government attempts to suppress publication of the Pentagon Papers, an analysis of the Vietnam War, on the basis of national security. Then courts began demanding that reporters reveal their secret sources of information to aid in prosecution. The culmination of Watergate was President Nixon's resignation.

New Lenox, Illinois

To the competent Business Department, the 1973-74 school year brought welcome relief from acknowledgements that have been mounting in intensity during recent years. Teachers attempted to surpass previous years and students began demanding that Tim Gawla (department head) reveal his secret sources of learning to aid in education.

MATH & SCIENCE

The year 1973-74 will take its place in United States economic history as the year of joyless boom. That it was a boom year is beyond dispute. Profits recorded the biggest upsurge in history. Total employment, personal dollar incomes, retail sales, factory production, new car sales — all climbed to the highest levels ever. In fact, by midyear the economy was running flat out — straining at its full capacity in terms of machines, man power, and money. It could and it did go farther, of course, just as a race horse running at its top speed can and does go farther.

The year 1973-74 will take its place in Providence High School's mathematic and science history as the year of the joyful boom. That it was a boom year is beyond dispute. The math and science departments recorded the biggest upsurge in school history. Total learning, personal students — teacher help, reference books, area math contest, field trips — all climbed to the highest levels ever. In fact, by midyear the math and science departments were multiplying flat out (led by Sister Mary Elma and Mr. Matt Senffner —) straining at its full capacity in terms of books, teacher power, and students. It could and it did go farther, of course, just as an infinite set, can and does go farther.

Sister Mary Benedict, #1, teaches art as well as being moderator for the Art Club and the Red Cross. She and her students make the programs for various activities.

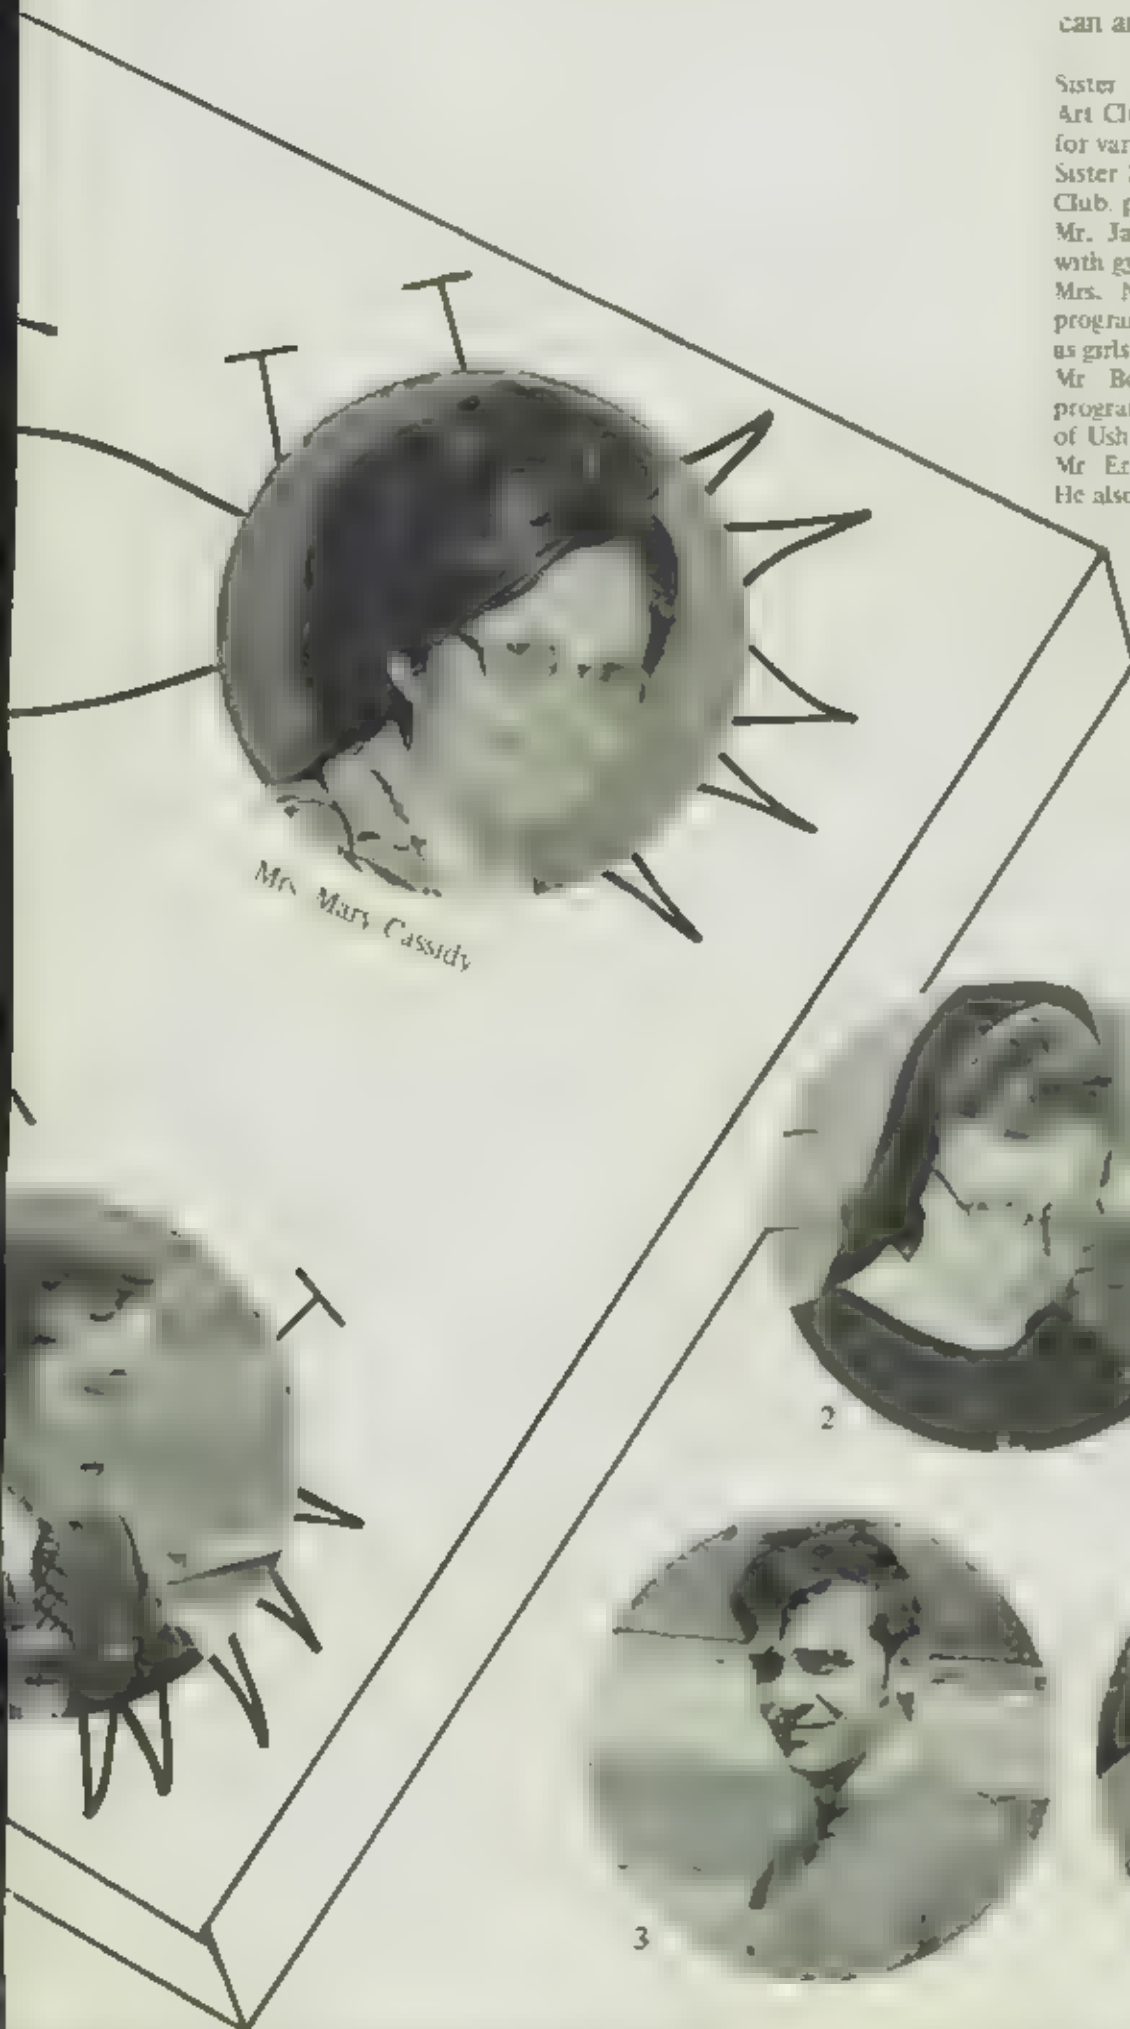

Sister Dionette, #2, is the head librarian and moderator for the Library Club, pom-pom girls, and cheerleaders, and the audio-visual club.

Mr. Jay Johnson, #3, teaches Driver's Education and also helps out with gymnastics.

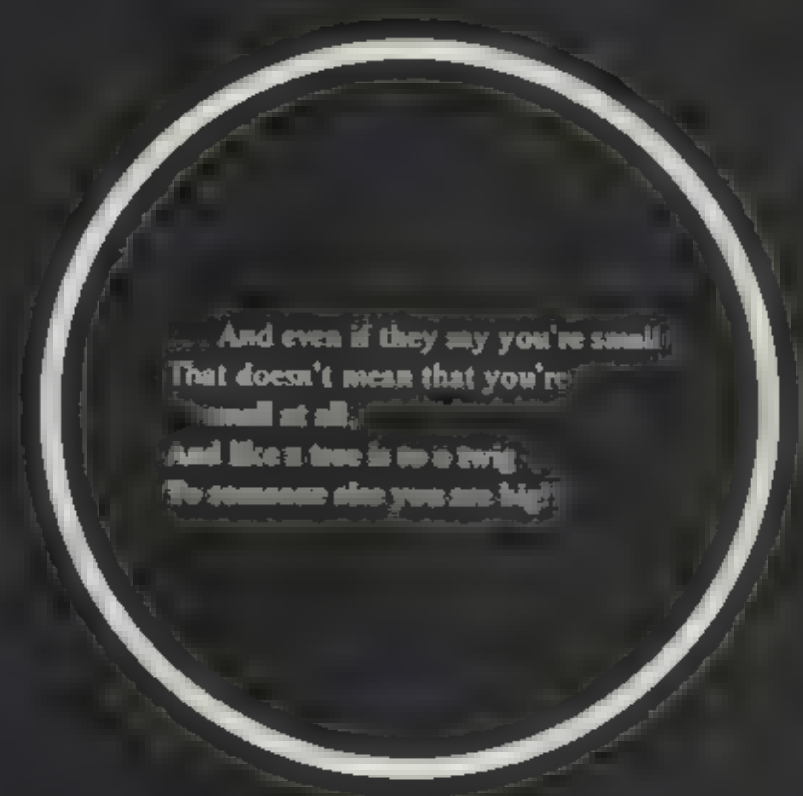

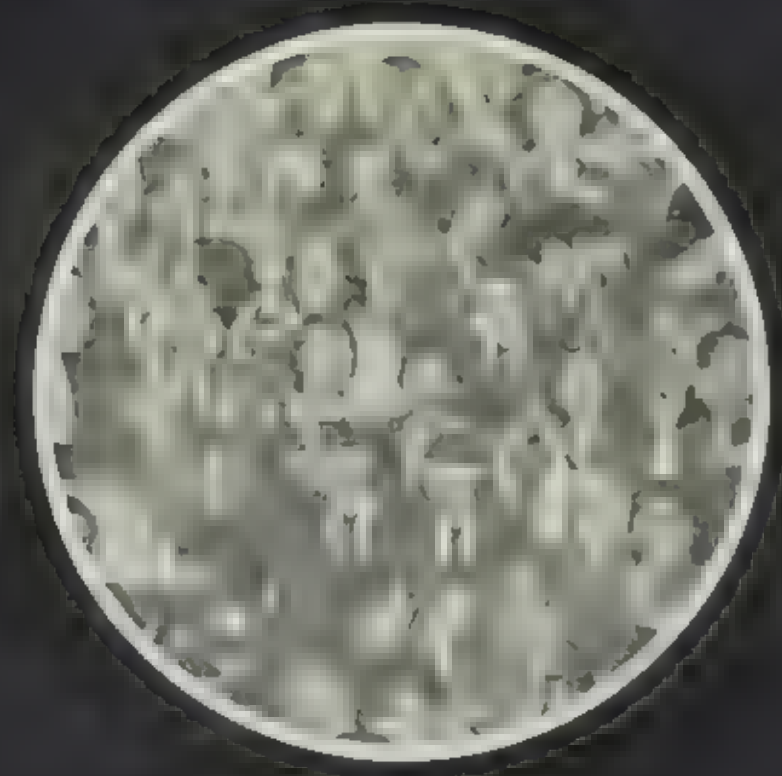

Mrs. Nacy Airola, #4, is in charge of the girls' physical education program. She also coaches the volleyball and basketball teams, as well as girls' intramural programs. She is moderator for G.A.A.

Mr. Bob McAlpin, #5, is in charge of the boys' physical education program. He also teaches health classes. He is moderator for the House of Ushers.

Mr. Ernie Caneva, #6, is moderator of the Glee Club and school band. He also teaches music and band classes.

Junior Class Prepares For

The Junior Class accomplished many activities thru-out the 73-74 school year. The Sweetheart Dance was one of them. The music, Sweetheart nominees, decorations, and refreshments contributed to the eventful evening. Also, in February, Chris Curtis won fourth place in the I.H.S.A. Class-A wrestling finals at Champaign. In March, the juniors received their class rings which gave them the meaning of leadership and responsibility. In the month of April those previously chosen, auditioned for the "It's Academic" show which would be televised some time in the following year. College exams such as the PSAT-NMSQT, SAT, and ACT were taken in the course of the year to prepare them for their future plans.

Michele Lucivjansky and friend catch up on their studying in the hall before school.

Sophomores displayed much Celtic spirit during the year. Dennis Fishbeck was Providence's top salesman in the Annual Fall Harvest Drive and his fellow classmates placed second in class competition. Also in October, the Student Council Variety Show was well represented with many sophomore performers.

Outstanding achievements were made in sports when the football team took **SECOND IN THE FINALS**, the basketball team won first place in the Peotone Tournament, and the wrestlers captured first place in the PSL finals. Another accomplishment was the second place rating in the Student Council Paper Drive. The class of '76 has shown good organization and spirit in the endeavors made by their class and they proved to be a great asset to Providence.

The encountering of new experiences, problems, and responsibilities were handled well by the freshmen with good organization and spirit. This year, the freshmen class was registered as the record class in the history of Providence

One of their great achievements was the second place award for their class float entry in the Homecoming float competition. An individual award was won by Bruce Lukamich from the Joliet Knights of Columbus Council for his entry in the Columbus Day Essay Contest. Freshmen also participated in the Student Council Variety Show which was held in October. Another accomplishment made by their class was the third place title for the Student Council Paper Drive. In January, Freshmen students introduced the eighth graders, who would attend Providence in the fall, to the great Celtic spirit.

Freshmen accepted the challenge of high school by joining clubs and organizations such as the Glee Club, language clubs, intramurals, sports, and Student Council.

We who toiled many hours (to all hours) putting this book together wish to thank Delmar's Representative, Providence father and great friend, MR. JOE FEEHAN for all his help, patience, encouragement, and good natured hospitality extended to us this year and in past years. Also to MRS. MARILYN FEEHAN, who allowed us to disrupt her house and family schedule - we say thanks for everything. And all we can say to Mr. Dave Clinton is thank you for your openmindedness in the past and good luck in the future.
